MOTHER GOOSE

by

Mildred Clingerman

1.
Hoigh, Ho! The Gridiron Show!
For five and twenty year
Cooing politicians
With rollicking good cheer.

Peeking pecadillos
On the state and local scene,
Fingerling the guilty spots
On every Mister Clean.

Nosing out absurdities
And puncturing with glee
All the pumped-up posturing
Of thee—and me.

2.
Why, why, Sue Dye
Trouble thy pretty head
Over the safety
Of my water bed?
Hast thou nothing else to do?
Sue, Sue, nosey Sue.

3.
There was a crooked man,
And he walked a crooked mile,
They put him in the jailhouse
For a little crooked while.

He was given food and leisure
For the little time it took
To cook himself a million
With a little crooked book.

4.
Meanwhile ANOTHER crook
(In the Master-over-all)
Leered and hated far away
In his luxurious Hall,
Where twenty hapless scribes
(having lashed themselves to chairs)
Listened palely, daily
While the Master splintered hairs
And wove HIS book with tape-gaps
And tattered old cliches...
(Make no mistake, my hearties)
CROOKERY BOOKERY PAYS!

5.
In the Year of the Horse
How daunting to see
That all the best naps
Are sick with V.D.

6.
To market, to Market, a-gallop, a-trot
To buy some meat to put in the pot,
But bacon is deadly if fried up too hard,
And steak fat's a no-no when it is charred;
Liver, they say, with bad stuff is rife,
While chickens taste nasty—
They spend their short life
High up in the air in a cage that's a mess;
And beef roasties, we're told,
Are bloated with DES.
(Bon appetit!)

7.
A is for Arizona, its prisons a disgrace,
B is for Babbitt who inherited his place,
C is the cost to clean up the mess,
D is delay, a constant, we guess,
E is the effort to shake loose the cash,
F is the furor at something so rash.
G is the go-ahead in every voter's heart,
H is the hurry to make a good start.
I is for ideas—some are even bright,
J is for the jitters (part of the plight).
K is for the killings, and they end the rhyme,
While we wait for solutions—long past time.

8.
Beer belly Billy
So gross and so silly
But the White House's burden
Is that spittin' Jordan.

9.
Here's a Washington rumor that I can tell:
Old Chicken Little is alive and well
And as of today at this very minute
He is Carter's man in the U.S. Senate;
He's leading the pack against our Dennis,
Talking and squawking: "That lad's a menace!
"The attention he's getting is far too meaty—
"Let's scrap the amendments and kill the treaty!"

10.
April brought the poppies sweet,
Scattered daisies at our feet,
Urged the cooping doves to mate,
And gave us Tucson's Watergate.

11.
Cuckoo! Cuckoo!
What shall we do?
Vanessa's hugging us all;
Her speech is too long
And most of it wrong
Why didn't she hire a hall?

12.
Now I lay me down to sleep
I pray the Lord my soul to keep
I know the army will save the town
The night their neutron bombs pour down.
How good to know—how great my joy—
That it's only the living they'll destroy.

13.
"We accept checks... usually."
…“As you can see, our Arizona copper industry is enjoying a particularly auspicious year.”

Eyes strained deciphering EPA encyclical Vols. XXVI-XXXIX.

Dizzy attempting to reconcile Federal and State air quality standards.

Sags further with every drop in domestic copper prices.

Singed by legislative sniping.

Phlebitis Taxitis.

Ulcer flares each time supplier prices go up.

Government red tape (recycled).

Hobbled by public land restrictions.

Crushed by foreign copper dumping.

ARIZONA MINING ASSOCIATION
SO THIS FELLER SAYS TO ME . . . .

"You mean to tell me you're still president of the TPC? What did they do, elect you for life?"

"No, George," I said. "It's not still... it's again! I was elected again! There were 11 intervening years when the club had other presidents."

"Well, I should hope so. On the other hand, I hope this doesn't mean we have to put up with you every 11 years. You could become a bad habit. Seems to me back then you were smaller and the Press Club was larger."

"You're right. In those days we had about 900 members. That's about three times what we have now."

"Don't tell me all those drinkers went dry!"

"I don't really know, George. Maybe people's habits changed. Haven't your habits changed through the years?"

"Not even my brand. Better broadcast the word, Joe... 'Work is the curse of the drinking class.' Gotta get going now. See you in 11 more years. Happy TPC!"

"So long, George!"

I made three predictions for this year:

Bruce Babbitt would not run for Governor.

Dino DeConcini would not run for Attorney General.

The Tucson Press Club Gridiron Roast would not last 25 years.

I now predict that Jimmy Carter will overwhelmingly win renomination.

TUNE: RAZZLE DAZZLE
Give 'em the old razzle dazzle
Razzle and dazzle 'em.
Actors and writers have been boozin' it
To give you a show with lots of news in it
Shove it to those politicians
Screw and skewer them
All of those turkeys we'll cut down to size.
What if those legal laws we're busting
What if, in fact, we're just disgusting
Razzle and dazzle 'em.
And they'll never catch wise

TUNE: I CALL MY SUGAR CANDY
Tandy—she was my front, sweet
Tandy—she gave those parties dandy
At my new Georgetown Club
That rice they'd savor
While we Korea-ed their favor
Allegiances did waver
Creating a hubbub.
I made friends with those congressmen
And turned them into my yes men.
They all took old Tongsun Park's part
Now upset is this loan shark's cart
Tandy—she served them our best brandy
And then they all got randy
Then they were mine all mine.

TUNE: PICK A LITTLE
Pick on little Park a little
Pick on little Park a little,
Pick on Park, on Park pick a little bit
Pick on little Park a little,
Pick on little Park a little
Pick on Park, on Park pick a little bit
Pick on little Park a little
Pick on Park, on Park pick a little bit
Pick on little Park a little
Pick on Park, pick, pick on Park!
Hello, Tongsun
Hello, Tongsun
Hello, Tongsun
Why don't you zip your lip?

Mutiny in the County
(or POWER FAILURE)
Louise Wolf, Lyle Marks

TUNE: Funiculi, Funicula
Some think the government should be together
Consolidate, consolidate
Some think it well to keep looser tether
And separate
And separate
The Board of Supervisors is agin it
Together's wrong, that is their song.
But City Council members hope they'll win it,
We all belong, one unit strong.

Pima County should be all one thing,
Tam Kinear's committee all does sing
Consolidate
Concede your fate
No mitigate
Conclude
We didn't steal your papers
We still say consolidate.

TUNE: MARIA (WEST SIDE STORY)
Korea
I just took some cash from Korea
And suddenly my name is heavily defamed and smeared.
Korea!
I'm getting the shaft 'bout Korea
'Cause out of Asia dark
That goddamn Tongsun Park reappeared
Korea
It was great when my favor they'd curry
But it's hot here before the grand jury
Korea—I'm sick... and sic transit gloria!

Conrad Joyner and Dick Jaskiewicz
State that they don't want to suck hind bits
That's just the pits
You dumb nitwits
You're all misfits
Let's call it quits!
We're for separation
We will not consolidate.

TUNE: SHORT PEOPLE

UDALL:
Small miners got no reason
Small miners got no reason
Small miners got no reason to gripe,
They got lotsa land, to stoke their claims
To recall me was playin' games
They got lotsa bucks, and nothin' to do,
I wish they'd find someone else to screw,
Well, don't want no small miners
Don't want no small miners
Don't want no small miners round me.

CHORUS:
Small miners are just the same as you and I
Fools such as I
We'll be stickin' it to ya 'til the day we die
It's a wonderful world...

UDALL:
Small miners got nobody
Small miners got nobody
Small miners got nobody to blame.
They got so much greed
They got so mad,
They lied about the signatures they said they had.
They ran big ads... went bitch, bitch, bitch.
They sit on their burros gettin' rich, rich, rich...
They're lookin' at your property, to take it away
Just stick with me, I'll keep 'em at bay.
Well... don't want no small miners,
Don't want no small miners
Don't want no small miners round me.

Powell, Brzezinski, Ham Jordan and Young
Jody's the pen, Andy's the tongue
Put them together and what have you got
A far cry from Camelot!
Powell, Brzezinski, Ham Jordan and Young
This sorry group, the critics have stung
They cover for Jimmy each time that he folds
They're Washington's keystone cops

Brzezinski's a nightmare for printers
They can't spell his name worth a damn
Ham Jordan is one of those squinters
He peeked down some cleavage for Aswan Dam
Now that they're famous and off of the farm
Jimmy and co. are cause for alarm
Each day they blunder into a new mess
We dread when we hear of peanuts and beer
Of Amy's new dress, of Rosalyn's "God bless"
We'll strike come election year!

TUNE: CALL ME IRRESPONSIBLE

Call me irresponsible
Call me unreliable
Throw in undependable, too.
Does my energy program exploit you
You clods on the Hill think I'm maladroit—You
Call me argumentative
Tell me I'm insensitive
To bills that you try to push through.
I'm your lovin' president
I'm the White House resident,
And it's undeniably true
I'm independently ignorant, too.

TUNE: THE IRISH WASHERWOMAN

SADAT: I flew here from Egypt with love in my soul
       We must get together with peace as our goal
       So please, My dear brother, I'll toast you with wine
       Just give me the Sinai and all Palestine.

BEGIN: So you flew here from Cairo, so what's the big deal?
       You make like a gyro but I'm no schlemiel!
       You kibbitz with Barbara and Cronkite's your boy
       But you're such a dummy, my well meaning goy.

SADAT: Now listen here, Begin, I'll tell you no more
       If we don't get Gaza then we go to war
       I'm sick and I'm tired of your beating us
       So give me your secret without any fuss.

BEGIN: We've licked you and whipped you each time that we fought
       Our strength is a secret that cannot be bought
       But being you came here I'll give you the scoop
       The power we have comes from Mom's chicken soup
       So now that you know why we win all the fights
       I'll give you the Sinai, the Gaza, the Heights
       But one thing I must get, my sly desert fox,
       For the next thousand years you send bagels and lox.

TUNE: OLD GREY MARE
The old age fund, it ain't what it used to be
Social Security's close to obscurity.
At these tax rates now 80's maturity
The pension's come unstrung;
The pension's come unstrung
The old and grey get sung
Our old age fund has no fiscal duty—
Why not tax the young?
The old age fund it ain't what it used to be
Grampa's annuity's just a gratuity
There's no retirement 'til perpetuity
Many long years to go, many long years to go!
Pensions are touch and go
Why our old folks may try promiscuity
Just to save some dough!

TUNE: AIN'T SHE SWEET
Ain't it sweet
Comes in envelopes so neat
Even though those rats get cancer from the stuff
Ain't it sweet.

TUNE: GIRL OF MY DREAMS
Gull of my dreams, there you fly
So high in the sky
While I build the nest.
If you would just come and land
Right here on the sand
Then I could do my best
If we don't mate, now
You won't lay fertile eggs
And we won't have a tyke
Gull of my dreams, you seem queer
Lately my dear.
Gull, are you now a dyke?

TUNE: EASTER BONNET
In your Nazi bonnet
With swastikas upon it
You'll be oh so offensive
In the Skokie parade!
You are so emetic
'Cause you're anti-semitic,
But liberals will help you
Stage that Skokie parade.
And now every Jew
Left A.C.L.U.
We'll no longer support it
'Cause storm troopers here
Are the thing that we fear!
We will cream them guys
In Skokie, Illinois.
We will cook their goose steps
In that Skokie parade!

Destroying Citizen and Star
Conglomerates, conglomerates
Have killed the family papers

Museum curators
Are in the soup
One by one they leave the coop
Gosh, oh, gee, what have they done
To be resigning one by one
Holt Bobodin would seem to be
Causin' some trouble recently
He makes them jump right through his hoop
And now they are leaving in a group.

That happy museum family
Is now scattered near and far
No longer is there that harmony
So say Larson, Woodin and Carr,
McFadden, DuCote, Dyson, McLain
Ready, Schibley, Stanley and Moe complain
It is then Holt wants to cream
Out at the new deserted museum.

Nothin' could be finer than to be in Argentina in the morning.
Life is really great on the Rio de la Plata. it grows on ya.
Nuts to Arizona, nuts to the Okies there.
In the land of Peron-a,
I'm free to flake anywhere.
Diplomatic pouches bring me goodies that ain't stouchees and I love it.
Butlers, maids and doormen, not so bad for this once poor-man;
Place above it
Beer and wine and cocktail parties all-a the time;
Posh receptions, no elections, that is why I'm
As happy as a lark in Buenos Aires after dark
In Argenti-na!

The moment I wake up, before I put on my make-up
I say a little prayer for you
And if you are gay dear, I think of you every day, dear
And say a little prayer for you.
Forever and ever I'll hate the sin and love the sinner
With Bobby and me, he's in like Flynn

And God's the winner
A man and a woman, that's how it must be
To do it funny
Just wouldn't be kosher to me.
And if you are Jewish
For you there is no hope at all.

Chester the Molester will take a brand new tack.

TUNE: IT'S BEEN A LONG, LONG TIME

Our Gridiron shows have come and gone
For 25 long years.
It's been a long, long time.
We have featured Pat and Dick
And Spiro, that old grouch,
And even songs that rhyme.
We had our years of Lady Bird
And Lyndon Johnson
Hubert Humphrey, even Charlie Bronson
Spoiled Mathevos, Small and Mo Udall
And Barry and the rest
It's been a long, long time

We packed 'em into hotels Santa Rita
And El Con, Ranada, Pioneer
Then our Skyroom and the Elks
The Saddle and Sirloin
And finally settled here.
When we had Jackie, Ari and Maria Callas
They said that act
Should really play the Palace
We made a jerk of Jimmy Kirk
And polar bears and mayors
And City council hacks
And even token blacks

Codger .......................... John Fahr

Legislators have come in
For many unkind cuts
For sitting on their butts
Governors we've roasted, too
As they have served their terms
For each one was a klutz
One year, we shoved it to
Her highness, Princess Margaret
She came to Tucson
And she was our target
We are the hosts of many roasts
No longer in our prime
It's been a long, long time.
We've had a damned good time.

TUNE: RAZZLE DAZZLE
Give 'em the old razzle dazzle
Razz and dazzle 'em.
If the wrong way we have been rubbing 'em
It's just our cute way of press-clubbing 'em.
Give it to the hokey pokey
Star and Citizen—
They can be bought if you will advertise.
Names from their headlines we're abusing
We try to keep it all amusing
Razz and dazzle 'em
Though our skit may draw flies.

Give 'em the old razzle dazzle
Razz and dazzle 'em.
News items that are less idyllic
We put in style that's coprophilic.
We've got some more razzle dazzle
Razz and dazzle 'em.
For twenty-five years we've kept it up you know
We hope our bars will all be pointed
Although our show may seem disjointed.
We'll be razzin' you
We'll be jazzin' you
Razz and jazzin' you
So now on with the show.

TUNE: OH LOOK AT ME NOW

Then I became attorney for all of the state

So they could elect their dear son
But God's will was done.
Oh, look at me now
(I'm your new governor)

I'm your new man, better than
Anyone since Howard Pyle
As your governor, I will run
Arizona in my own style.
So who can they get to beat Brucie Babbit
They need a guy
To answer the call of the wild
Jack London has filed
Hey, look at me now.

What is the secret of his youthful vim
It's surely not the cup of Mr. Pim
Each morning just before he takes his tea
He drinks an eight ounce cup of his own pee.
He's eighty-one and full of vigor
'Cause he drinks the output of his little jigger
And somehow when you're eighty-one
Just finding yours can make your morning lots of fun.

He eats raw garlic, honey, nuts, and dates
O—occasionally he pontificates
Anita Bryant is really pissed
'Cause the Tang he gets at breakfast sure is not Sun-Kist
('Cause the Tang he gets for breakfast sure is not Sun Kist)
He quaffs the product of his micturition
Now he's Prime Minister of India's great nation.

TUNE: SONG OF THE VOLGA BOATMEN
Volgy won—ugh
Volgy won—ugh
That hungarian emigrant
Volgy won, —ugh.
I'm undone—oh-h-h-h
Politically undone—oh-h-h
I can't run for mayor now that
Volgy won.

I bought radio and TV time
On each vacant lot I put a sign
Republican deflection
Cost me the election
I spent money like mad—but
Volgy won.

IBM Executive .................. John Fahr
Ron Asta

TUNE: YOU'RE JUST IN LOVE

With IBM I'm moving to Tucson,
Someone told me I should look up Ron,
Said this cat was really lots of fun,
I said I'd try,
I don't know why,
I want a nice home with a lovely view,
Swimming pool and room for horses, too,
My wife thinks Ron has an honest face,
Our trust in him we'll place,
Before we buy.

Just as I sure was wishin'
For a nice, fat commission,
This old guy drops right in my lap.
Who says Asia can't back it
In this real estate racket?
You know that's just a bunch of crap.
Let me be mere empathic,
I'm so charismatic,
That I don't need a lot of gall.
When it comes to selling land,
River beds and desert sand,
Asta's gonna top them all.

Miracle Mile Lament

Newsmakers: Bill Waters, Larry Dadisman, J. B. Borden, Dick Felman, Jess Riggle

TUNE: ON THE STREET WHERE YOU LIVE

We have walked on Miracle Mile before
And we never even stopped in the Adult Bookstore,
Or saw dirty flicks or on stage, live chicks
But we'll never go there anymore.

We were strolling there on our way to shop,
When a lady passes by, and we asked her to stop.
Now we bear the shame
Newsman print our name,
'Cause it turns out this dame is a cop.

Voila, Fifty!

Puny Poor ...................... Renata Bassett

TUNE: WHEN YOU WISH UPON A STAR

Though you wish for Medicaid
So doctor bills will all be paid
Legislators in this state refuse to pass it.
Akers named a house committee
To discuss this problem gritty
But we fear they'll not come near agreement tacit.

Skelly's crew
Will be at work once more
To keep the puny poor from getting health care.
Though our taxes that we paid
Support forty-nine states' Medicaid,
Republicans won't take that cash.
They're still half-ass-ed.

TUNE: ROLL OUT THE BARREL

Rolloff got us
He's not a barrel of fun.
Rolloff has caught us,
Us kids have no place to run.
Goodbye to Tucson
Collins is tearing his hair.
Off we go to Corpus Christi
'Cause the gang's all there.

TUNE: THE HEATHER ON THE HILL

There's new pollution in the Ganges
East: Indians will not hold still
For nuclear devices we lost
On that Himalayan hill.

TUNE: OVER THERE

Son of Sam
Son of Sam
Though you did not take it on the lam
Breslin made you famous
'Cause you did maim us
We know you're crazy Son of Sam
If you're tried
You'll be tried
But 'til then all the law's hands are tied
You have chilled 'em
By how you killed 'em
But you won't try 'cause you're
Crazy Son of Sam.
TUNE: MOON OVER MIAMI
Jews moan in Miami
Jimmy is not their man
Jews moan in Miami
He's not their man
Carter is a schlemiel
He's such a kretch
With his big plan
This little wretch
For an Arab deal.
With his Georgia clan.

TUNE: MARCH FROM BRIDGE ON THE RIVER KWAI
Lewis,—you are an S.O.B.
Lewis, please listen to our plea
Lewis, you're out to screw us
You're even worse than old Thomas L. Lee.
Lewis, we want a salary hike.
Lewis, your actions we don't like.
Lewis, don't do this to us.
Give ten per cent or we'll all go on strike.

TUNE: FIDDLER ON THE ROOF
The workmen on the roof
Are fixing up Gene's house
Those guys from city parks
Are working free for Laos

TUNE: OH, CHRISTMAS TREE
Recycle it, recycle it
Before we're inundated
With glass and tin our countryside's
Already inundated
Recycling's what we have to do
Save bottles for the revenue
So if you want your money back
Just put your can in a plastic sack.

TUNE: JUICY FRUIT COMMERCIAL
Let's buy a key so we can have fun
Let's find a stash from a guy who is rash
'Cause results are so good, we gotta get some
Just buy a lid and you'll see.

Drowned Rat ....................... Marge Hiits

TUNE: HERE'S THAT RAINY DAY
Maybe we should have read those fed'ral reports
Funny, but here's that rainy day.
Here's that hundred year flood they told us about
And I hissed and cried as it washed my house away.

Estes and Chastain said it can't happen here
So their rezoning seemed to pass.
Funny, when those big floods just couldn't appear
I'm here in mud up to my ass.

Mr. Scharman may I ask you a question
It's amazing is it not
That the county pays you slightly more than
Forty thousand bucks
Yet you can't buy a parking spot.

I am positive your honor must be joking
Any county manager with any soul
Would give up his job security for poking
Into how you magistrates have such control

You're just a little tin god
A little tin god
And you ride over us rough-shod
We've appealed to your honor not to
Act like a little tin god
Act like a little tin god
Act like a little tin god
Such a little tin god
A little tin god
Who turns out to be such a clod
It's highway robbery

We find there's snobbery
In a little tin god.

Mrs. Dusenberry it's now official
As political you're smart
And you have saved lots of money
Though for parking you must pay
You've upset Harry's apple-cart.

I assure your honor I was not conniving
To save money was my idea I admit
And for one whole week I walked instead of driving
And it mounted up to honor bit by bit

You're just a little tin god
A little tin god
And you ride over us rough-shod
We've appealed to your honor not to
Act like a little tin god
Act like a little tin god
Act like a little tin god
Such a little tin god
A little tin god
We remain totally unwed.
You cause us anxiety

There's impropriety
In a little tin god.

A Brief Case

I didn't know what crime's about
I faked it through
I never knew what law books spout
All I knew was to sue.

I never read the criminal code
It made me blue
I took the soft and easy road
And I learned how to sue.

Sue—if it was right, or was wrong
Just so long as I got my fee
Sue—that was the name of the game
What cared I 'bout a guilty plea?

I never knew 'bout sodomy
I slept in class
I lost a case on sodomy
And he reamed my ass
I'm wise, 'cause I know what sodomy's now.

TUNE: STRANGERS IN THE NIGHT

Sirens in the night will not be sighing
Those in dire plight will be left dying
County residents—can simply go to hell.
If your chest has stopped—a knife or dagger
You will proly drop—before you stagger
To the city line—where paramedics dwell.
Supervisors say—you don't deserve that life
Support unless you pay, they won't preserve it if

Medic II ............................................. Ron Asta

Dave Yetman has his way
His attorneys say, though
Life is just a gasp away-ay
You are now a cast-away
If budgets are tight—you can't reproof Dave
Red and amber lights—will not approach, save
Money for the hearse.
You'll die there in the night.

TUNE: MOON RIVER

Skyscraper, slaunched there on Stone
Like Topsy you have grown to be
An eyesore, there,
Your top floor there's
Now higher than Home Federal's Loan company.

Promoters simply can't go straight
So this bank plaza's on the bias.
When you're blinded by that reflection
Regard it with affection
For it's the last erection
Of Allan Elias.

TUNE: BE A CLOWN

Make a clone, make a clone
Now the world loves a clone
Make a frog, make a fish
Put a cell in that Petri dish
Make 'em huge, make 'em small
Us researchers will love 'em all
When Eve was made from Adam's rib
As clone she was first
From Eden they were then exiled
'Cause they were accursed
God screwed up clones, since then we took a turn for the worst
Make a clone, make a clone, make a clone.

That's exactly right, Hank, Jim Click says on T.V.
When Lominec hosts ancient films on KZAZ
Don't need no more of them on that we all can agree
Make a clone, make a clone, make a clone.

Make a clone, make a clone
Now the world loves a clone
Use an egg without sperm
Or a cell from your epiderm
We'll create something great
We'll all do it on the first date
Asexual reproduction is the name of the game
A sterile introduction to the womb is the aim
But without wine and candles it just won't be the same
Make a clone, make a clone, make a clone.

LEADING FROM STRENGTH SINCE 1929

Dramatic growth has played an important part in the success of Western Savings. Since we began in 1929, we’ve become Arizona’s largest savings and loan association with more than $1.3 billion in assets and now rank among the nation’s largest. We believe that’s a strong story of growth.

But we don’t believe in growth for growth’s sake. That’s not good business.

Our guiding philosophy is the strong, steady, controlled growth you’ve come to bank on year in and year out.

And we’ve never outgrown our commitment to our valued customers or our desire to assure friendly, creative, professional service to match all your savings and lending needs.

Steady growth and the finest in continued personal service. That’s Western Savings’ plan for growing with Arizona.
